

NA-KD Supplier List

We do not own any factories, instead we work with independent manufacturers.

We want to build strong, long-term relations with our suppliers, based on mutual trust and transparency. In our Supplier List, we disclose the name and locations of our suppliers' factories and facilities, as well as some additional information.

MANUFACTURING FACTORIES

This list includes all for NA-KD active manufacturing factories where products are made for NA-KD. Some small pieces of information is missing and we are working to complement with this information as soon as possible.

PROCESSING FACTORIES

This list is not ready yet. We are working get better transparency in our supply chain and will provide information of all processing factories in this list in the near future.

The Supplier List was published in April 2021. The list will be updated twice a year and the most recent version of the Supplier List can always be found on our site.

For questions about our suppliers or this list
